Professional Experience

Lead Designer \ Yorc LLC \ yorc.org

(2022-present)

- Coordinating and developing a team of designers, to ensure the quality of solutions, manage workloads, conduct task reviews, and craft individual professional development plans. Fostering long-term company's growth and excellence in staff careers.
- Conducting user research, developing personalized wireframes and prototypes, and employing user-centred design methodologies to ensure high client satisfaction and meet business goals.
- Personally liaising with clients to optimize satisfaction with the final product, crafting tailored CRM systems and delivering impactful presentations. Devising thorough instructions and guidelines for internal development teams and client ease-of-use.

Design Expert \ B12 (Unlimited Labs LLC) \ b12.io

(2019-present)

- Conceptualizing, designing, and implementing visually impressive and user-centric websites for US and international clients.
- Developing new operational elements for user website DIY constructors and diversified content for functional templates.
- Formulating short-term and long-term strategies to enhance the company's Web Design sector.
- Delivering innovative digital solutions that meet business objectives and exceed user expectations, including AI models and tools.

Lead Designer, Art Director \ Moore Studio \ to-moore.com

(2018-2019)

- Developed Web Designs for corporate and international clients, oversaw projects of the company's design team, and facilitated professional development of the staff through training and workshops.
- Created websites and web applications tailored to specific business needs for promotions, sales, presentations, and customer services.
- Conducted meetings with clients and developed working plans for the team to streamline workflows and meticulously oversee task execution at every stage of development, from drafting technical specifications to project deployment.

Senior Web Designer \ School of Data Kyrgyzstan \ opendata.kg

(2018-2018)

- Led the development of a comprehensive data portal concept and branding identity.
- Designed promotional materials to effectively communicate the platform's value proposition and foster engagement.
- Ensured consistency across all branding touchpoints through the implementation of branding guidelines.
- Provided thorough user guidance and technical support. By request, implemented new web tools for developing additional functional services and data analysis.

Professional Experience

Graphic Designer \ Saima 4g \ saimatelecom.kg (2017-2018)

- Strategically developed advertising materials and designed models for printed products.
- Crafted compelling visuals to resonate with target demographics and maximize the effectiveness of promotional campaigns.

Web Designer \ Peklo Studio \ peklo.studio (2016-2017)

- Specialized in Website Design, including logos and banner advertisements, to elevate brand presence.
- Created detailed guidelines and technical specifications for the company's developers to ensure smooth integration of design elements into web development processes.

Web Designer \ Atlas Croup (2014-2016)

- Developed UX strategies to optimize user experiences.
- Created site designs, illustrations, and banners to enhance visual appeal and engagement.
- Monitored website development progress and compiled detailed client instructions to align with project objectives.

Communication Group member \ UNDP Youth Program \ undp.org (2010-2013)

- Developed and implemented a communication strategy for the UNDP Youth Program.
- Created digital and print communication materials and organized specialized events.

Teaching Experience

Individual tutor in Web Design (2014-present)

- Deliver personalized educational support to students in various design disciplines.
- Foster skill development and conceptual understanding through tailored lessons and constructive feedback.

Lecturer, Dean of Design Department \ Compass College (2021-2023)

- Provided specialized education in Web and Product Design to up to 70 students per annum.
- Directed strategic objectives and academic standards of the design program.
- Spearheaded the creation of industry-relevant courses and provided personalized mentorship to students.
- Cultivated partnerships with design professionals and firms to enhance student learning and career opportunities.
- Guided students in finding internships, inspired their participation in international design contests, and supervised their diploma projects.
